

Learning Activity

Name: _____

Extra – It's Your Turn – Be an Inventor!

Now it's your turn! Think about an object you use or a task you do every day. Is there a way to make the object work better? Is there a way to make the task easier? Write about the problem you would like to solve below.

In the space below and on the back of this paper, design an invention that will fix the problem you described above. Make a detail sketch, showing the invention from different angles. Show the invention in action.

The last step will be to write an explanatory writing piece describing exactly how your invention works.
